A technical diagram of a garment leg, possibly a pant leg, showing its outline and key features. The diagram is enclosed in a solid black border. A dashed line indicates the inner contour of the leg. Three circular callouts, labeled H, K, and J, are positioned around the leg: H is at the top center, K is at the bottom center, and J is on the right side. The text 'OUTER LEG' is written vertically along the left side of the dashed line, and 'LEG HEM' is written horizontally near the bottom right of the dashed line.

MAMA MADE ME

SUMMER TODDLER BLOOMERS: SIZE 18mo - 2T

WHAT YOU'LL NEED: 1/2-YARD FABRIC, COORDINATING THREAD, 1.5 YARD ELASTIC, PINKING SHEARS
USE 1/2" SEAM ALLOWANCE

DIRECTIONS:

1. Wash and press fabric
2. Tape together pattern, matching letters as a guide. Cut pattern pieces along dotted lines.
3. Pin pattern to smoothed fabric. Cut out pattern with fabric scissors.
4. Use pinking shears to cut along outer leg and inner leg edges.
5. With right sides together, sew front and back crotches together. At this point, you will have two larger (U-shaped) pieces.
6. Lay both pieces flat, right sides together, matching crotch seams. Pin and stitch along inner leg from leg hem to leg hem.
7. Reinforce crotch by stitching 1/4" away from seam allowances at bottom curve of "U" shape.
8. Match outer legs by flipping fabric so right sides are facing. Stitch along both outer legs. At this point, your project should start to resemble very large bloomers. However, don't freak out! When you insert elastic in the waist and leg hems the bloomers will shrink up in size.
9. Fold waist down 1/4" and iron. Fold down again 1" and iron. Stitch folded waist down leaving a 1" opening.
10. Insert elastic waistband in 1" opening. Sew together elastic ends and stitch opening closed. I use about 16" of elastic for the waistband but you may want to measure your little one's waist.
11. Fold leg hem 1/4" and iron, fold down again 1" and iron. Stitch folded leg hem down leaving a 1" opening. Insert elastic (I use 8" per leg but you may want to measure your tot's leg just in case) in 1" opening. Sew together elastic ends and stitch opening closed. Repeat on other leg hem.
12. Voila! Done! Enjoy! If you like, share pics of your project!! I love to see what you create! Xx
